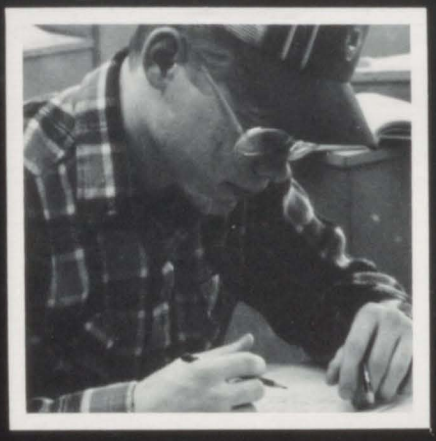
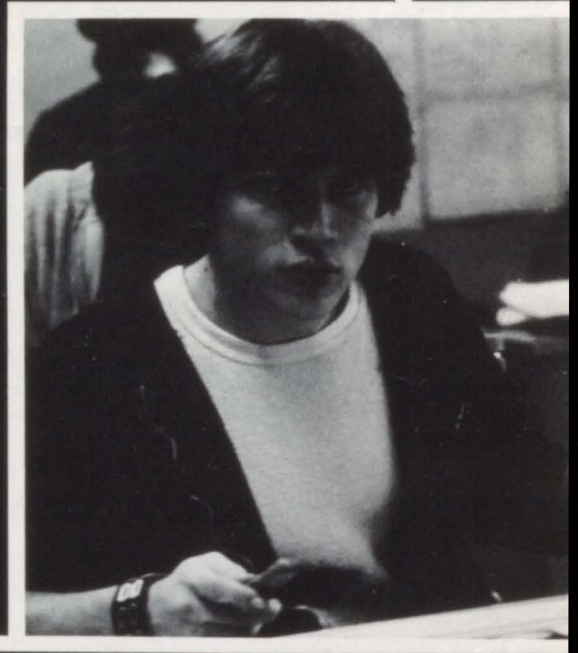
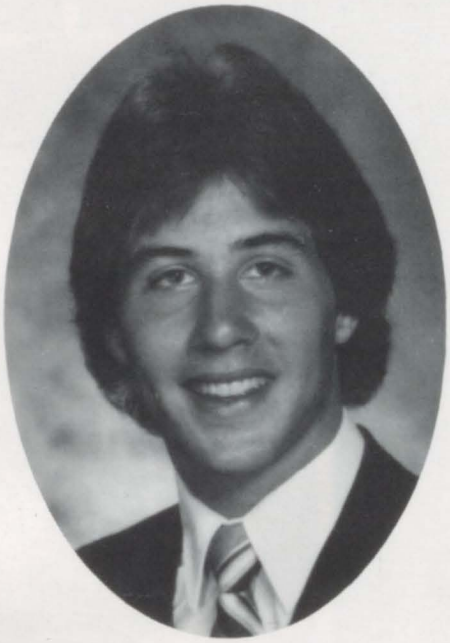
We're Stepping Out Into The Adult World, Ready To Face New Challenges; But We Will Always Remember The Good Times We've Spent At R.F.A.





As We Take That First Step Into On Our Journey Toward Adulthood, Let Us Pause To Say "Good Luck" & "Good-bye" To All Those Whose Paths Crossed Ours.



Valedictorian

Andrew G. McCormick has attained an average of 97.31 to become our class Valedictorian. He is the president of the National Honor Society, and is active in Colgate Seminar, Key Club, and Block R. He was a starting defenseman for the Varsity soccer team and also was a member of the Varsity swim team. Andy enjoys playing racquetball and tennis. As well as being active athletically, he has studied piano for ten years. He plans to study genetics and chemistry in college. We, the class of 1983, are proud in congratulating you in your accomplishments.

Salutatorian

Mary Ellen Greco, our class Salutatorian. Mary Ellen achieved an average of 96.57. She aspires to be a biochemist or a genetic engineer. She will attend the University of Rochester this fall. Mary Ellen is a member of Colgate Seminar, National Honor Society, American Field Service, International Club, and the Rome Free Academy marching band. We, the class of 1983 are proud of you, and wish you all the best.

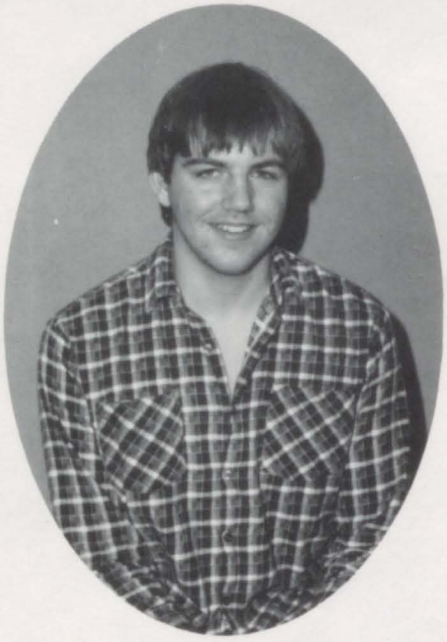
AFS Students

Teresa Zivec, an American Field Service student, came to Rome from Pordenone, Italy, which is near Venice. At home, she lives with her mother, father, and three sisters. This year she will be staying with Mr. and Mrs. Ronald Heaney and her host sister Karen.

Teresa is a senior here at Rome Free Academy and is seventeen years old. Her interests are canoeing, camping, and horseback riding. She is also concerned with world problems. Teresa would love to cross-country ski, ice skate, and travel around the United States so she can improve her English which is already excellent. Making new friends is also important to her.

As a senior, Teresa is taking sociology, family and child, American History, health and English. Some of these courses are not offered in the school she attends in Italy. Teresa has found that she likes American food, especially corn on the cob. She isn't that fond of our Italian food because she says it isn't really Italian.

Chris Ratcliffe is this year's male American Field Service exchange student. He lives in Shrewsbury, which is near the Welsh border in Central England. Chris lives on a farm with his Mum, Dad, and sister. For this year he will be staying with the James Kehoe family and his host brother Chris.



As soon as Chris arrived in America, he got involved in many activities. He went to the community theater and auditioned for a part in the play "Whose Life is it Anyway?" His English accent along with his acting ability won him a part as a punk xylophone player. Chris also earned a position on the boy's soccer team.

In school Chris is taking a rigorous schedule which includes calculus, physiology, drama, and American History.

Chris' first two months here have been very busy. He seems to enjoy life in America and has only a slight difference in language. For example, he calls a truck a lorry and a soccer match is called football. These differences will cause no problems and Chris is settling in for a good year.

"Just As The Graduates Of The 1960's Were Challenged By Scientific Advances, You Will Be Faced With The Challenges Of A New Technological Age."

As you graduate from Rome Free Academy, you will be exposed to new and challenging responsibilities. Because of the education you have acquired, you will be expected to measure up to higher standards of achievement in your vocation, in community leadership, in service to mankind, and in the values by which you live.

Just as graduates of the 1960's were challenged by scientific advances, you will be faced with the challenges of a new technological age. I hope that as you reflect on your days at Rome Free Academy, you will agree that you were given the opportunity to prepare to meet the challenges of a rapidly changing society.

It has been my extreme pleasure to have worked with you as you pursued your educational goals. I wish you the very best and continued success as you face the future.

Now that we have completed our years at R. F. A., we will move on to new beginnings. This will bring about new responsibilities and challenges for us. We, the class officers of '83, would like to extend a thank you to all those who helped make this year of '83 such a success. A special thank you should be given to our class advisor, Mr. Kunkle, for his cooperation and assistance through the years.

We hope that you've all enjoyed your experience at R. F. A. and that you encounter great success in the future.

Back, Liz Mole, Tricia Lynn Mandronico, Cathy Palmer, Kim Driscoll, Mary Reed, Paul Lewin, Laura Fox, Marcia Smith, Sheri DeFrees, Judy Tharrett, Tina Mezza.

The wild bunch; Nina Williams, Nick Ross, and Dave Uvanni

The production of a school newspaper gives students skills that will stay with then the rest of their lives. They learn to function as part of a group and to share their responsibilities, while improving their English and writing skills. For some students, the school newspaper may lead to a career in professional journalism. The function of the newspaper is to provide an entertaining information service to the readership, and a vehicle through which the student opinions are expressed.

Knight Times staff gathers in front of Newhouse School of Publications at Syracuse University.
